

Name _____ Date _____

Interview Form

Questions: What invention of the twentieth century has greatly impacted your life?
In what ways has this invention impacted your life?

I interviewed _____

Invention

Impact

**Inventions and Inventors
Research Form**

Who was the inventor?

What did he/she invent?

Where was it invented?

When was it invented?

Name _____

Date _____

Name: _____

Inventions and Inventors Research Form

Topics to research:

Name of invention: _____

What the invention does: Clearly explain what the invention does and how it can be used. Is it used for communication, transportation, fun, food, medicine, science, or something else?

When was it invented: Give the date of the invention, and the date of the patent (if appropriate).

Who invented it: Who was the inventor? When did this inventor live, how was this inventor educated, where did he/she live? If you can find out, tell why the inventor wanted to invent the invention. Did this inventor invent other things?

What other inventions led up to this invention: Describe the earlier inventions that led to this invention. For example, the electric arc light preceded and led to the invention of the incandescent light.

How many times did the inventor have to change the idea to make it work?

The importance of the invention: Explain why the invention is important. Has it saved lives, helped transportation, simplified communication, increased the food supply, or is it simply fun? Has it been improved upon since it was invented? Did it lead to other inventions?

Some interesting facts about this invention are:
